BOOK ONE
"THE POWERS
THAT BE"

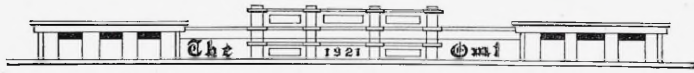

CAMERON HARMON, A. B., D. D.
President of Missouri Wesleyan College

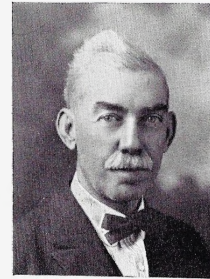

"Possessed of a superior mind and overpowering eloquence."

Dr. Cameron Harmon is completing his quadrennium as president of Missouri Wesleyan. During these years he has known his students intimately. Few of them have escaped the influence of his potent personality. To many he has proved himself a skilled physician. His humorous sallies have checked tears of homesickness; his ready wit has dispelled storm clouds; his patience has rebuked the hasty; his sympathy has cheered the distressed; his optimism has restored courage; and his insistence on the merits of the Great Physician has set faltering feet and wavering wills in paths that lead to the more abundant life.

W. F. BURRIS
President of Executive Board

Dr. Burris is a rather small appearing man when it comes to size but what he doesn't make up in weight he can in words. He became a member of our Board of Trustees in the spring of 1899 and was chosen as a member of the Executive Committee in 1908. He has been president of the committee for several years and has been untiring in his effort to fill well that position. His motto is "Missouri Wesleyan, first, last, and all the time."

H. F. LAWRENCE, Treas.

For some years we have introduced him as a business man but now we introduce him as Congressman Lawrence. His interest is with all public achievements, and for eight years he has been a member of the Board of Trustees. He served as County Clerk of Daviess County, Mo., and two terms as mayor of Cameron. He believes in fair play, admires an honest man and looks to education as a means of reaching the goal of success.

FRANK B. KLEPPER, Secretary.

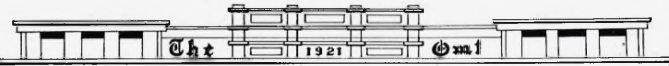

A native Missourian receiving his elementary education in the common schools of the state. He received his B. L. from the Baker University of Law. Mr. Klepper has been serving on our Board of Trustees for six years and has been secretary of the Executive Committee for several years. He is a Republican in politics, a lawyer by profession, but he finds time to devote to the advancement of the best interests of the community.

E. B. THOMPSON

Our present good natured District Superintendent entered Missouri Wesleyan as a student in 1894. He was out of school preaching from 1896 to 1900, receiving his A. B. from M. W. C. in 1903. Since entering the ranks of the alumni he has served as its President for several years. Later he was made a member of our Board of Trustees and of the Executive Committee. He has filled well these positions.

BEN F. JONES

Dr. Jones spent most of his early life in Kentucky and Kansas, receiving part of his education at South-Western College. He has been a member of this Conference for thirty-one years and was Superintendent of the Cameron district for six years. During this time he has been connected with Missouri Wesleyan in an official capacity for the last eight years.

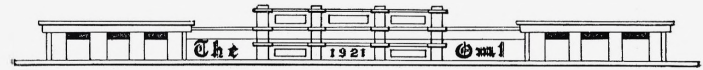

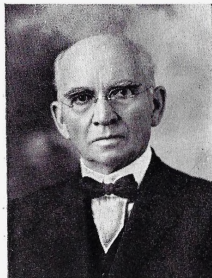

C. J. ENGLISH

Although Dr. English is a native Missourian, the early years of his life were spent in Kansas, where he received most of his education. Upon him also has been conferred the honorary degree of Doctor of Divinity by Missouri Wesleyan. He has been connected with various conferences in Iowa, Michigan and Missouri but now for eight years he has been a member of the Board of Trustees and for six years has served on the Executive Committee of our college.

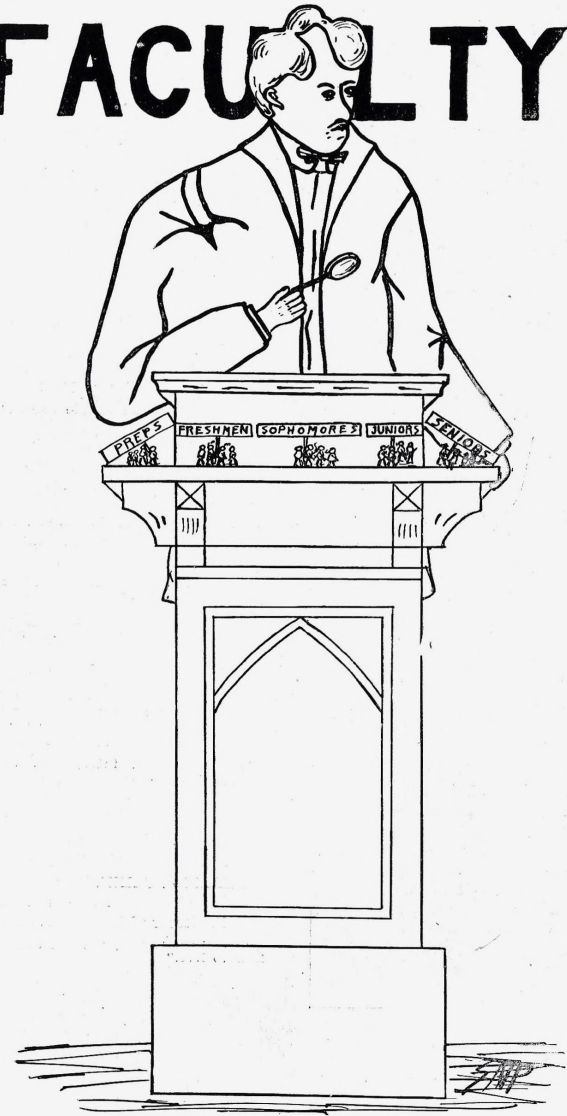

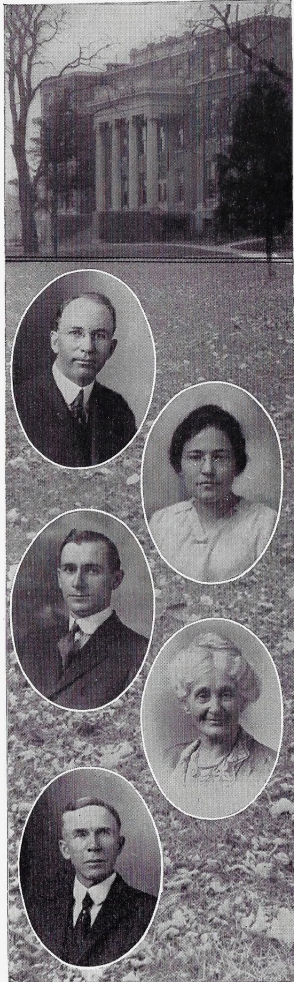

JAMES R. HARPER

James R. Harper was born near Mt. Carmel, Ill., Feb. 5, 1858. He attended country school, and at the age of seventeen entered Cecilian college, Cecilian, Kentucky, which he attended from 1875 to 1876. Later he entered Grayville Normal College at Grayville, Ill., and graduated in the Teacher's Course in 1878. He taught school for eighteen years; was licensed to preach in 1899 and joined the Missouri Conference in 1900. He was elected a member of the Board of Trustees of the Missouri Wesleyan College in 1915 and has served four years as vice-president of the Board. Missouri Wesleyan College conferred on him the degree of Doctor of Divinity in 1918.

"Chapel"

The 9:40 class bells ring and the students all rush madly into Chapel so that they may miss none of the services (?) The Faculty come straggling in by two's and three's, to take seats on the platform, or elsewhere, as they see fit. Miss Havrestiche selects a seat at the rear of Chapel near the door, possibly in order to make a sudden exit at the earliest possible moment.

Dr. Harmon happens to be in town today, so is in his accustomed seat on the platform. About this time, we notice Coach Davis taking a hurried departure after having a short conference with the president. We hear someone remark that "Prof. Withington is at Chapel this morning." He stands beside Prof. Wyckoff during the opening hymn and the two give one vision of "Mutt and Jeff."

Prof. Kelsey announces that, "We shall sing Hymn number 23, _____standing please." Miss Harper presides at the piano but seems more interested in certain members of the Orchestra, which Prof. McCampbell has assembled just in front of the platform. Prof. Null and the Misses Maude and Edith Gibson come in and take up positions in the front rows of seats in the girl's section, presumably to keep the Junior and Senior girls from "cutting up" during the services.

The hymn being finished, Dr. Reed and Dr. Cline seat themselves on the front row of chairs on the platform, to await developments, while Dean Corn arises to ask if there are any faculty announcements. There are several. Prof. Olson "bats" first and makes an assignment to the "Current Events" class. Miss Herring desires, "a house meeting of the dorm girls this evening after supper." Miss Shepherd has "noticed that a number of books have disappeared from the Library." Miss Fannie Esther Wilson is "sending an order for Literary Digests." Miss Dexter wishes to "see the following people in her office after Chapel." Miss Hogrefe "should like to meet those interested in debating, at 3:15 this afternoon."

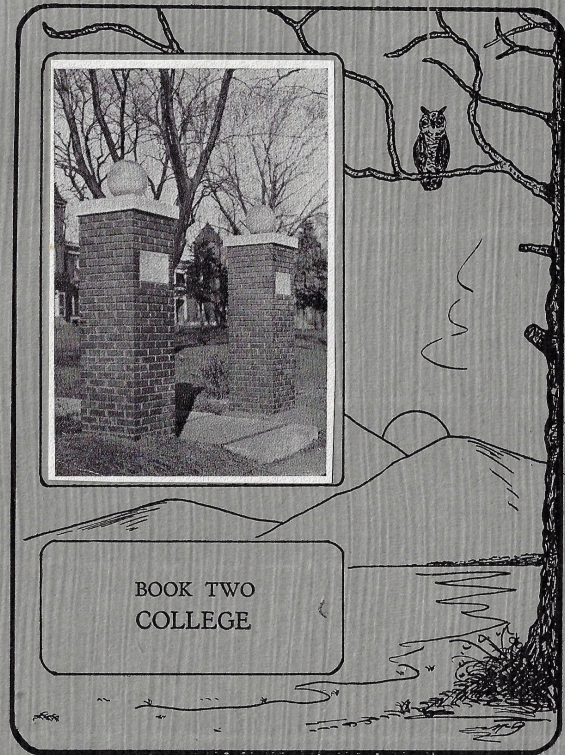

Miss Cline "leads our devotions this morning," during which time Miss Wachtel contents herself by swinging her feet, and Miss Moore seems deeply interested in the section of the Chapel occupied by the Freshmen boys. Miss Allene Wilson and George Sharp are taking it all quite calmly.

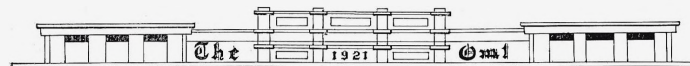

The devotions are now finished and Prof. Layton who has just arrived, "wishes to announce the student recital at 4:15 this afternoon."

Dean Corn is "disappointed by the failure of our Chapel speaker to be present this morning, so will take the opportunity to give us a short talk on, "Why we Do, What we Do."

About this time we fall asleep, to be awakened in a few minutes by the strains of the "Closing March" and Chapel is over.

 She sure did give the Sophs a "taff."

'Tis Humphrey we're now to feature
 He was quite a capable preacher
 Until he married a teacher

A Senior's Lament

Bah! these boorish Freshmen quite offend my most sensitive nature. 'Tis an annoying matter to have one untutored in the arts and sciences, boldly set up on you in the halls of learning and blatantly demand "You're not as old as you act, are you?" It is a crime to allow the young to develop without having even the first elements of reverence instilled in their fertile intellects. In old Roman days Seniors were given seats of eminence in the Senate because of their age and erudition. But alas, we receive no such distinction today. Our number is, in fact, so small that the power of our respiratory organs is not adequate to assert ourselves, and we disdain to mingle our soft refined voices with the raucous ones of the rabble.

The rules and regulations are indeed vexations. What I desire is complete license, yet I am continually hampered by set hours for classes and my mental ability is questioned by the imposition of examinations. I recall that, in ancient times, the Professor took his scholars out upon the green and there instructed them in languages and philosophy. One of my age was suffered to do as he saw fit—'twas an era of individualism, as opposed to the present paternalistic age. Seniors now days are even required to give further evidence of their book love by composing a thesis. One is allowed, so they inform us, to write a thesis or endure a course in advanced composition. Such a crude thing to do—to no one but uncouth Freshmen should a composition course be mentioned.

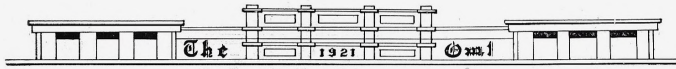

It seems that my long period of constant application will avail me but little. There is no conspiracy of Cataline to be unearthed through my efforts. There is not the remotest possibility that one could enjoy the popularity which belonged to those renowned reformers, the Gracchi, —the I. W. W. and anarchist now instigate all necessary measures. Plato and Aristotle had many followers and hearers, but in these swiftly moving times, wise men, such as I, find only fools and sluggards who will lose a golden hour. Some men are ahead of their times but Seniors are apart of that glorious past when age and wisdom were considered the noblest assets of man.

Junior Class Will

We the class of '22, familiarly known at present as Juniors, realizing that we must soon cease to be common college students and become Seniors, in this our last will and testament do hereby give, will, and bequeath the following, now in our possession, to the Missouri Wesleyan College students and faculty, To wit:

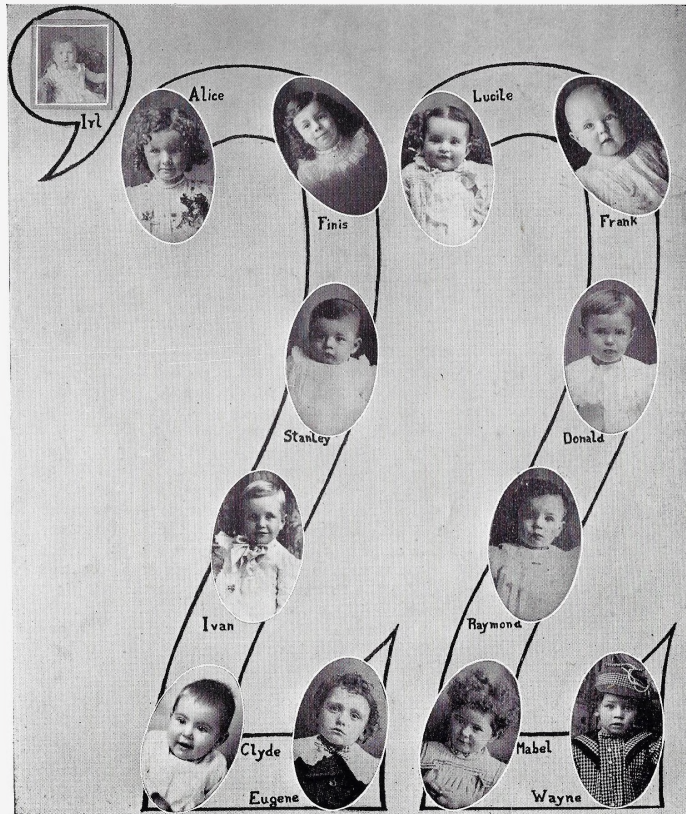

To the Faculty, by whose requests we spent long hours and much oil in studying for exams, we give our highest regards and good will (let bygones be bygones). To this kind and long suffering Faculty we also bequeath all students, freshmen and other encumbrants on the College.

To the Sophomores whose one ambition has been—and whose entire year's work has been spent in toiling and striving—to find enjoyable entertainment, amusement, work that is all play, and a great deal of credit for doing nothing, we bequeath the brief, delightful harmonious, agreeable, satisfactory—and only weekly meetings of the Owl Staff. To the Sophomores we also will our chapel seats—center section—row B—from which the view is unobstructable and which seats are stationary.

To the Freshmen who have followed so well the examples set by the upper-classmen and have lived through one strenuous year of College work, we give the full power of lording over their brave pursuers, and doing unto them that which they as Freshmen did not like to have done to them. To these capable and industrious Freshmen we bequeath our honorable positions on the Criterion Staff—including the required patience of Miss Hogrefe. To the Freshmen we also give the full right to take the basketball championship from the Sophomores.

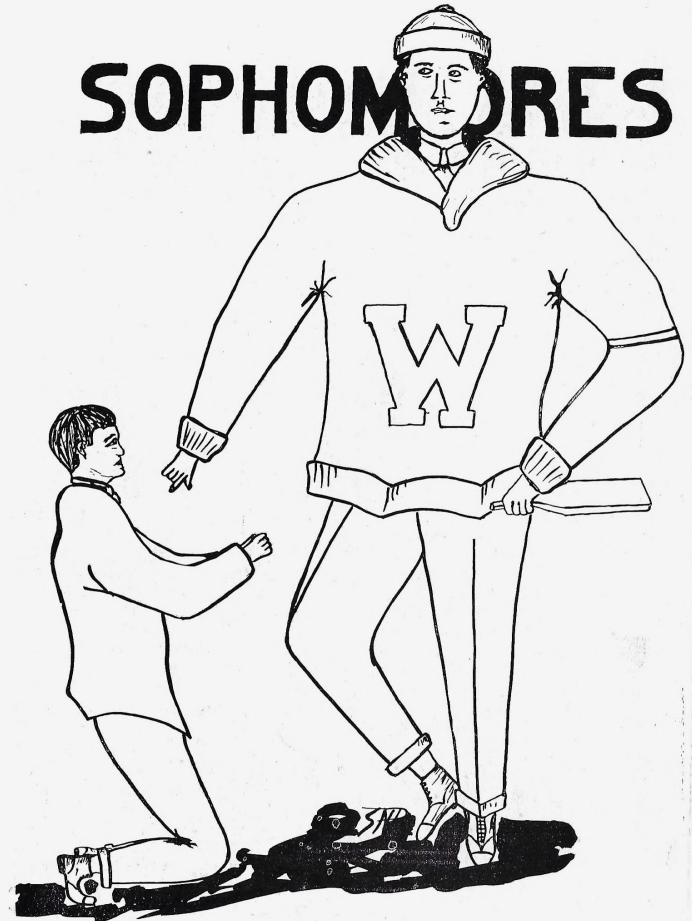

To the Senior Class we give our best wishes for success and our united efforts to fill well the places they have left for us.

—A. E. B. '22.

We expect to graduate next year. Do you think we will?

Senior Academy Class Poem 1921

Oh Senior, Oh Senior,
 Of the class of 'twenty-one!
 Before us lies life's open door,
 And our race is just begun.

Matter not how wise we may be,
 Before us lies a mighty task;
 That task is for you and me,
 And let us ne'er for quarter ask.

Of Dame Wisdom's mighty cup,
 As yet we have but tasted;
 If we obtain things higher up,
 Our college life must not be wasted.

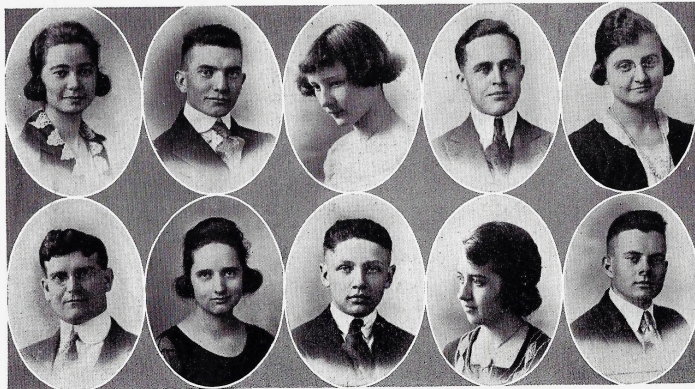

And as we wish to aid this world,
 Let us carry on and on;
 May we, the banner 'Right', unfurl,
 Until full vict'ry it has won.

Then knowing all full well,
 That which is God and right,
 Let us ne'er, Oh, never tell,
 That right is ever made by might.

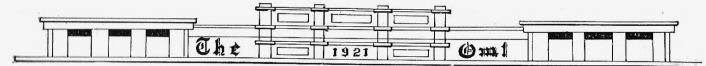

So as we now are parting,
 To continue life's great race;
 There is something worth remembering:
 "When we shall stand, 'Face to Face.'"

Criterion Staff

The Criterion Speaks to The Owl

When you look at me you think I'm nothing but a lot of printer's ink and white paper. But in reality, I'm a personality. There has been a lot of energy expended on me ever since my birth, and this year I feel that my creators have made me live and pulsate with life as I have never done before. My editor is a big raw-boned scamp, and a regular dynamo when it comes to evolving energy. He is exasperated at times because I seem to get along slowly, but I know he loves me. Else why would he spend the wee, small hours in proof reading, correcting copies, et cetera? He is indispensable. But the chief is not alone in his troubles, for his associate editor comes in for her share and assists in alleviating the ills of misspelled words.

I don't pretend to know much about figures and I turned all my business over to a faithful business manager. I let him worry about making ends meet while I strive to please my host of admirers.

A business manager is necessary, but what would become of me were it not for my advertising manager and his assistant? They make it possible for me to thrive financially. Sometimes I cackle with laughter when I recall some of the "mean line" these advertising managers of mine put out when they are trying to convince a stubborn merchant that I am a good investment.

It takes a peppy vocabulary, a sense of humor, and a knack of truthfulness to be able to write up the sports of a school, but let me tell you that I have a live wire of a sport editor who is always on the job.

Some folks say that beauty is only skin deep and that no brains top a pretty face. However there is one little lady who is the exception, if that is the rule, for my exchange editor is a peach. She knows just what will make me tip-top and exactly where to find it.

If you have never been a circulation manager, or an assistant, you'll never know how much work it is to get me off to a great number of anxious alumni and expectant students.

It is almost impossible for me to look after all details which are vital if I wish to be complete. To help me out in times of distress I have several reporters. They are those representing the Young Men's and Young Women's Christian Associations, the Aesthesian, Ruthean, Adelpian, and Excelsior Literary Societies. These reporters of mine look after bothersome matters of progress made in the organizations and societies, report all disagreements within and without, and liven me up by writing news of parties and triumphs.

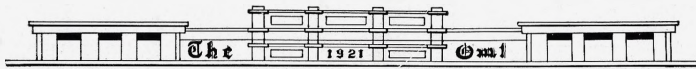

For the special benefit of the old graduates I chose for myself an alumni editor. She suits me perfectly, and the alumni seem to have found no fault with her, inasmuch that she gives them honorable mention.

Yes, I agree that I have a lot of folk trotting around after me, but I have another aid whom I haven't mentioned. She is the faculty advisor. Someone is always needed who will go around and pick up after every one leaves, and who sees things are in readiness before others come. Now this faculty advisor of mine is just such a person. She helps my editor map out the work for the others. She reads proof, sees that each one is reminded that he is to tell a funny story or tell a bit of news.

This is the kind of crew that works for me and arranges so that all is running smoothly. They are a jolly bunch and they do love to surprise my readers by saying and reporting unexpected things; and they endeavor at all times to make me, The Criterion of Missouri Wesleyan College, an A-one college paper.

COACH E. A. DAVIS

Coach Davis, by his knowledge of the game and his knack of getting the most from his players, has established a record of four years of Intercollegiate football without a defeat. This is even a greater record when you stop to think that our Coach has always stood for clean athletics. This spirit has predominated all of his activities since he has been with M. W. C.

"Bring them on next year."

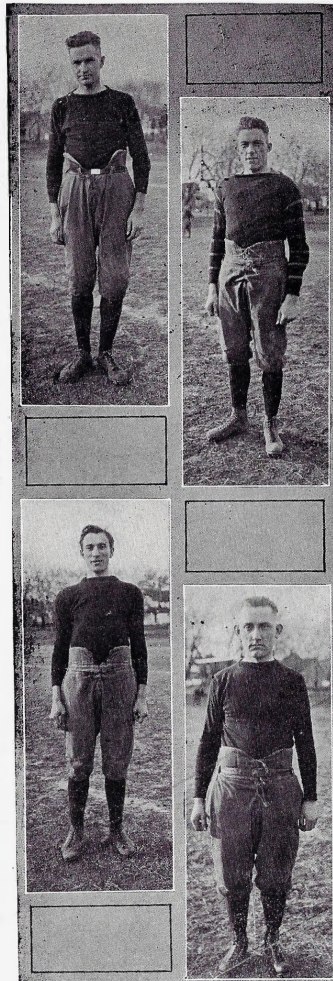

IVAN R. BRAY, Our Player-Manager of Athletics.

He was so successful his first year that he was retained for a second term. It is some job to play and manage at the same time but he did it with his usual success.

JESSE LYLE, Captain and Quarter.

Lyle has received practically all the honors to be attained in Intercollegiate football, Captain of the All-State and Captain of his team. He well deserved these honors. He is a heady quarter and one who was able to carry the ball as well as direct. Lyle's passing was a source of worry to his opponents. This is his fourth year on the team and his loss will be felt next fall.

JOHN M. HARMON, Center and Guard.

John has finished his third season with Wesleyan, but we lose him this year through graduation. He was a hard, constant worker and could be depended upon at all times. An injury early in the season prevented him from his usual steady work this year. Welcome to the man that can fill his place.

MERRIL COLLARD, End and Half.

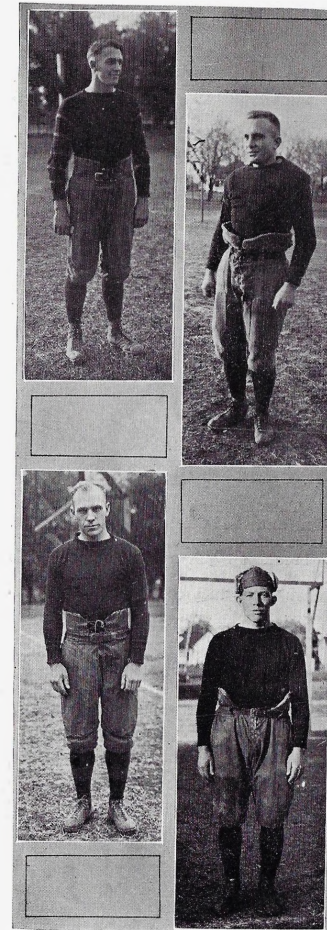

Collard came to us from Illinois and he soon proved his worth. We regret that Illinois held him until his last year. He is a fast and hard fighter at all times. He could receive passes with the best of them.

L. WHEELER, Center and End.

This was "Molly's" fourth year on the team and we hate to mention his loss. There never was a fighter at Wesleyan till "Molly" arrived. He was utility lineman this year. It made no difference to "Moll", just so he could be smearing some opponent. We bid farewell to "Molly" in uniform but we add one more loyal rooter.

EUGENE McCOY, Half-Back.

Won his third "W" in football this year. He is considered one of the best punters ever at Wesleyan. He always carries the ball well and ranks with the best as a defensive man. He will be with us next year.

WAYNE SILVIUS, Center.

Played his usual scrappy game at center and his ability to pass with one hand and get down on punts was the talk of the Conference. This is his third year on the team, but he has joined the Benedicts, so we wish him joy even as we feel his loss.

IVAN BRAY, Guard.

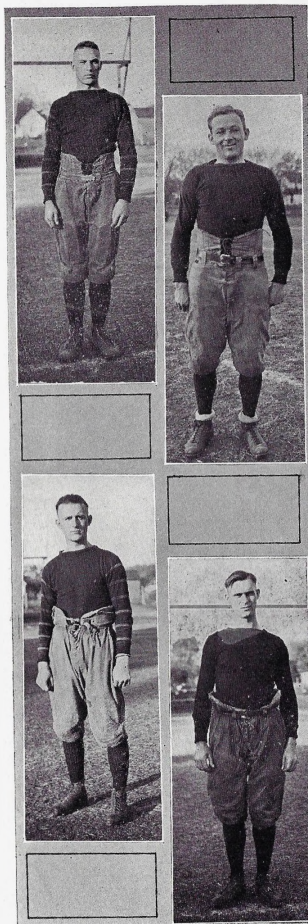

Proved that he could win a place for himself on any little old team. He has lots of fight and is a hard tackler. With the experience he now has, watch him next year.

HAROLD FARMER, Full-Back.

He was the best interference maker on the team. He was hard to beat for carrying the ball. It was "Bob's" ability to spike, that so often helped to save the day. This is his fourth year and we hate to lose him but his loss will be our opponents gain.

LESLIE IRWIN, Tackle

Our old trusty was never known to get enough. His ability to break up plays saved our goal line time and again. Joe is our next year's Captain and he will make a great leader. He was placed on the All-State team this year. Joe has one more year with us.

GLEN FILLEY, End.

Filley was chosen Captain of All-State this year and richly deserved the honor. His ability to go down on punts and to receive passes was a marvel. Filley has one more year with us.

F. McFARLAND, Full-Back and End.

Mack was a good man on offense and even better on defense. At breaking up line plays he is a wonder. He could break up passes with the best of them. Mack has one year more with us.

H. DIETERICH, Guard and End.

This is Herb's third year on the team and he needs no introduction. Herb's strongest point was his ability to break up plays on defense. He tackles hard, is a hard worker, and always takes into consideration his opponent while playing. He has one more year with us.

RAY K. HOLDER, Tackle.

Holder seemed to find himself this year and played a good consistent game all year. Ray has an ideal physique and will be hard to keep off of the All-State team next year. Ray also has one more year with us.

LESTER SLAYTON, End.

Slayton is surely full of fight. He is always ready for the fray. With this year's experience he will be hard to beat out of a regular place on the team next fall. He is fast and a hard worker. Lester has three more years with us.

DAVID DILLMAN, Half-Back

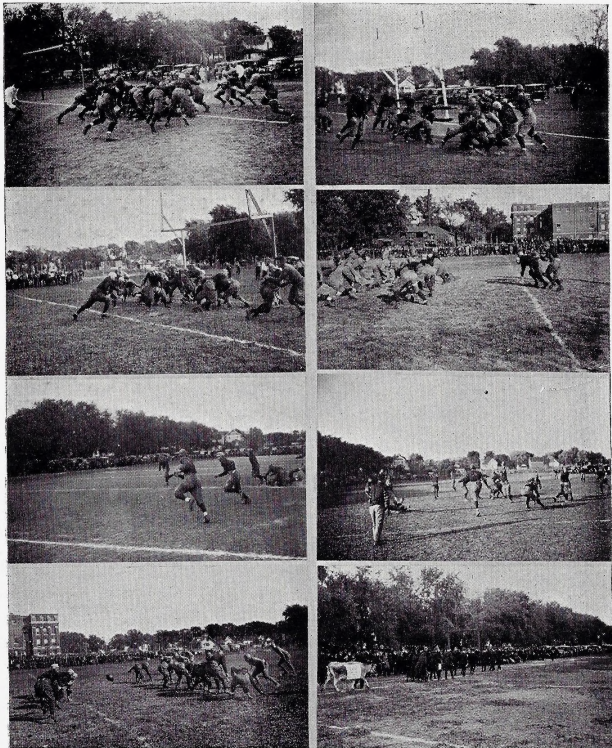

Dillman is handicapped in weight, but he has the fight and with his experience will be a great help next year. Dave is a good line plunger and carries the ball well. He has two more years with us.

W. P. SLAYTON, Half-Back.

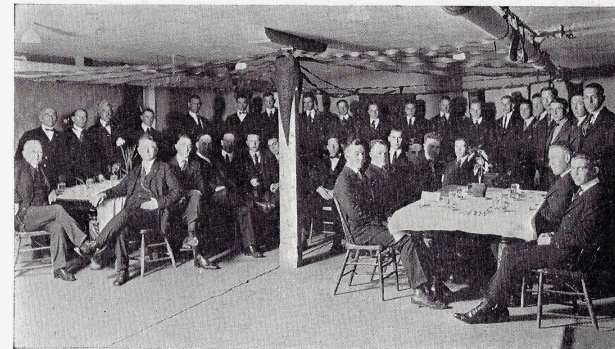

Bill came to us from Missouri University and he was a great addition to the team. He is fast and his ability to catch and carry back punts won him his place as safety. He is also a good punter. Bill has four more year with us.

ALLAN McMAHAN, Guard.

Mac took a great interest in football this year. He is large and aggressive. He should be a tower of strength in the line next fall. McMahan has three more years with us.

Football Banquet

SUMMARY

The Missouri Wesleyan football team ended the season with the only clear record in the state conference, but owing to a misunderstanding about the eligibility rules, did not secure the championship. No one did.

The team met with several mishaps during the season. Two All-State centers and a half-back were out most of the season. One of our tackles was out of the Jewell game.

The prospects for next year are bright. We have a number of old men back, and a wealth of new material from the second team and high schools to pick from.

The second team played a number of the surrounding high schools and defeated them all by lopsided scores. This is excellent training for the first team and develops many good men.

Girl's Basketball

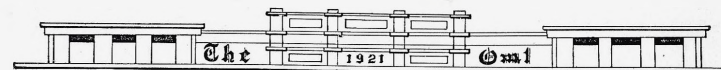

Collard, Coach; Early, Kendall, Marti, Atherton, Smith, Farmer, Ingram, Bray, Capt.; Somerville, Davis, Lehman, Irminger, Jewell, Ballard

The girls of Wesleyan displayed a brand of basketball this year that would win anywhere. They had a very successful season, losing only one game, and that through unfavorable circumstances. It has been voted by the authorities to give girls letters in basketball. This will prove an incentive to the game. The prospects for next year are bright, although we are losing several stars. All boost for a winner next year, and have a large schedule.

Through the hard work of Coach Davis and his able assistant, Merrill Collard, Wesleyan played a better brand of basketball this year than has been at Wesleyan for some time. The boys were always in the game, and fighting hard for victory. The prospects next year are bright, for we do not lose a man through graduation. That old championship bunting had better be tied fast if it don't want to come our way next year.

The Baseball boys are working hard as we go to press, and with only two or three gone from last year's team and a wealth of new material the Coach is looking forward to a winner this year. Wesleyan gave an excellent account of herself last year, and the boys say they have to have the championship this year.

The State Track Meet was held at Cameron last year and Wesleyan won first honors. The meet was said to have been one of the best ever staged in the M. I. A. A. The prospects for this year are the best, for we have lost only two men. Coach Davis has a large bunch working out each evening, and from the preliminary trials things look good for repeating the performance of last year.

Arrangements have been made for several dual meets, and by this means the team should be in top form for the state meet at Kirksville in May.

Sophomore History

The Sophomore Class of Missouri Wesleyan College was born September 1919. It was a strong lusty child and while it was in that state of childhood known as Freshman it was noted only for its verdant greenness. At the end of this year some of the members wearied of toil and departed. There was one "Tootie," of "Sunbeam" fame, who took unto himself a wife and left his classmates looking wistfully after him. Another, of the same family, Pete, the giant kicker, took unto himself a job; no one looked wistfully after him save a certain member of the class who still persists in looking after him. There are others who "departing, left footprints" but these cannot all be mentioned.

A noble crowd it was that started the year 1920-21. Some new ones came to take the places of those who had departed. The handsomeness of Lester Slayton went well with the bravery of "Joe Pick," the good-heartedness of Filley, the wit of Virgie and the wildness of Twila.

The football team owes its future Captain as well as some of its most able members to the Sophomore Class. In basketball they were the champions of the school, and if you're speaking of track you just have to mention Kimes.

But the Sophomores are a versatile class. What would Wesleyan do without the steady influence of Dillman and Campbell? Kenneth Crawford, Erman Miller and Christine Kendall furnish music for the class. Ruth Strasser is the cook of the Sophs. Our history is not yet finished, but if we continue as we have begun you'll all hear of us in the future.

Criteria for Freshmen

Always preserve in Chapel a certain sedateness and decorum. The upper classmen will endeavor to do all things necessary for maintaining pep without allowing any chance for an upset of dignity on your part.

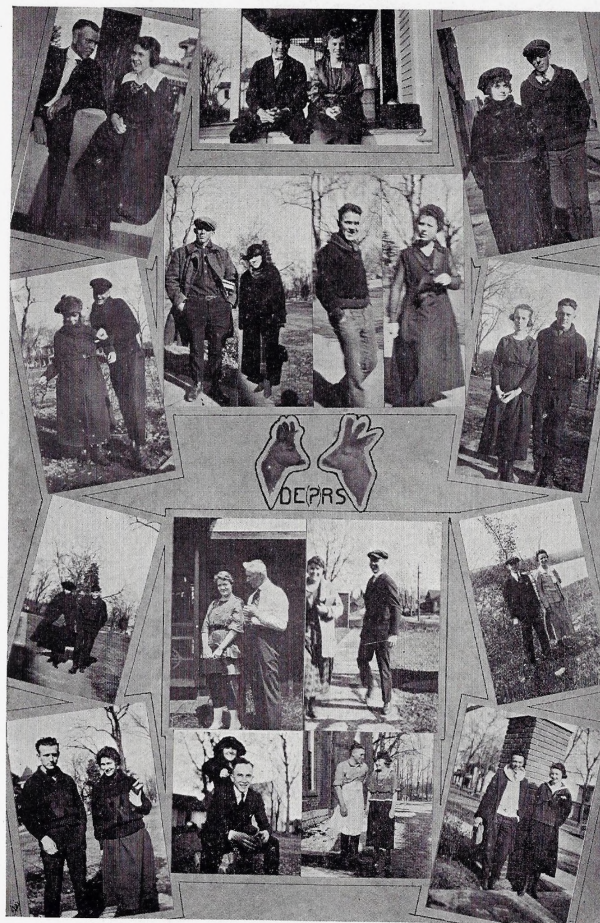

Make it a point to advertise your home town and old school. Always carry in your pocket or elsewhere, ready for instant use, numerous snap shots of your champion high school teams, at least two photographs of your best girl, and all possible views of the historic environs of your noted city.

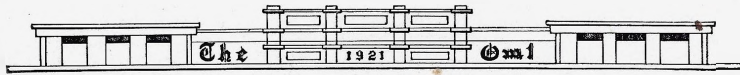

Cultivate the gum chewing habit. It is a simple, inexpensive college custom which should not be neglected. Keep a few extra plugs of a good standard brand on hand at all times. Most of the proffs are addicted to its use, and an occasional tastful gift of a favorite flavor may stand you in good stead on quiz day.

Take your book to class, and while taking a quiz hold it open and copy from it. It sometimes helps you pull thru. The proffs don't care. They take it for granted you don't know enough to find the right place in the book.

Do not worry about getting to class on time, promptness is an old word that has been forgotten long since. Nearly all the classes commence twenty or thirty minutes late.

Don't get too affectionate with the campus squirrels. They are simply wild about "nuts".

SOMETIMES

It's hard to keep your pep up,
And mentally to step up,
But, when you've got your rep up
As a cheerful guy—you must.
So make your mouth a grinner,
You poor old tired sinner,
And you'll turn out a winner
Before you've turned to dust.

ABSENT-MINDED

Humphrey has a habit of forgetting something he has to say in the pulpit. Then, after sitting down, he will arise and begin his supplementary remarks with, "By the way."

Recently he finished his prayer, hesitated, forgot what he was about and sat down abruptly without closing. In a moment, however, he arose, pointed his finger at his amazed congregation, and exclaimed, "Oh, by the way—Amen!"

Sam's figure's not noted for grace;
You may not much care for his face,
But a twenty-yard dash,
When he hears the word "hash",
He can take at a wonderful pace.
